

Easter Garden Challenge for Holy Week

Dear All,

We are missing you all - and missing our worship, family worship, Play and Praise and Film Church.

We thought it would be good to set you a challenge while you are at home this coming week. Next week is Holy Week when we remember the events that led Jesus to the cross on Good Friday and to his Resurrection on Easter Day.

We will be having some virtual services to celebrate - which is a technical challenge for many of the grown-ups - so we thought we'd issue a more practical challenge to anyone who would like to take it up.

Can you design an Easter garden?

It could be a real garden with plants, growing or picked and an empty tomb and the crosses. It could be a Duplo or Lego garden. A garden drawn or painted. It might be a papier-mache garden with pipe cleaner figures, or plasticine figures.

It could even be a virtual garden made on a computer programme; this one was made on Sims but I know many like Minecraft.

Please include an explanation of your key figures or important parts of the story and if you can write a prayer to go with it to celebrate Jesus rising from the dead that would be great.

Send a picture or screen shot of your work to Sue and/or Dee and we will put them on-line. There will be some prizes for the best efforts. Adults are welcome to have a go too, or whole families!

This is your Holy Week Challenge should you choose to accept it!

Good Luck!
